Fax Notes:

Attached are proposed amendments in Serial No. 09/728,934 that are necessary to place the application in condition for allowance for your review and approval. These proposed amendments would make the title better reflect the allowable invention and would make the abstract better conform to the format set forth in the MPEP. Once I receive your approval for these proposed amendments, I will execute the changes via Examiner's Amendment. I need a response ASAP and preferably by COB on Friday.
